---

Hi Lindsey, I've tried to speak at the meeting but no connection and they could not hear me but I could hear them well.

One question that was not discussed is the traffic issues will a stop sign or some measures of traffic flow be implemented?

I heard the meeting and comments but no one heard me.

We have kids going to school and traffic with lots of heavy trucks go by at tremendous speed and when trucks are trying to enter into the road they have lots of difficulty.

This is such a concern

I can be reached if necessary - [REDACTED]

Can you please share this email?

[REDACTED]

[REDACTED]

Isabel Duarte

Hi Isabel,

Below is the link to join. The link is the same for both meetings.

**Please join my meeting from your computer, tablet or smartphone.**

<https://global.gotomeeting.com/join/442563645>

**You can also dial in using your phone.**

Canada: [+1 \(647\) 497-9373](tel:+16474979373)

**Access Code:** 442-563-645

If the weather is that bad, we would likely shift it to online only. We would only cancel the meeting as a last resort. Notice would be published on our Website and Facebook pages for either scenario.
